

COBA FAQs

When does the season start?

Practices begin mid October. First games are Nov 15th-16th.

How many games do we play a year?

Each coach will make their own schedule. 5th & 6th grade teams generally play between 20-25 games. 3rd & 4th grade teams play between 15-20 games.

What time do the teams practice?

Due to gym constraints during the week, practice times will vary. Gym space is often more available on Wed evening and on the weekends. The head coach of each team will schedule practice times and then communicate those times with parents.

What days of the week are games played on and what times are the games?

Games will be played on Saturdays and Sundays

Does everyone on the team get to play in the games?

Each team member gets to play in every game, but playing time is not equal.

How many players do we keep on the team?

Ideally each team has a minimum of 8 players and a maximum of 10 players. There are times when smaller or larger teams have formed, but 8-10 is the norm.

Do you have to attend WCS to play on the team?

Our preference is to have teams consisting of WCS students. If a grade level does not have enough students to try out, or if a particular grade level does not have enough players who are ready for the challenges of playing in a more competitive league, we consider adding non WCS participants. In addition, there are instances where we allow non WCS students who have a connection with the school in some way.
